

Overview

STATE OF SOUTH CAROLINA DEPARTMENT OF PUBLIC SAFETY HIGHWAY SAFETY GRANT APPLICATION

The South Carolina Department of Public Safety, Office of Highway Safety and Justice Programs (OHSJP) administers the federally-funded State and Community Highway Safety Program (commonly referred to as Section 402), and coordinates highway safety activities throughout the state. Each year, South Carolina receives approximately three million dollars in

Section 402 funding. SC uses these and other federal monies to fund sustainable grant proposals aimed at reducing collisions and traffic-related fatalities and injuries. Applicant's proposals must demonstrate a measurable impact on highway and traffic safety; be cost effective; and contain a method of evaluation that substantiates both performance and impact. Highway Safety grant funds are awarded to qualified applicants to create new or expand existing highway safety programs, with the intention that such initiatives continue when grant funding is discontinued. State agencies; non-profit 501(c) 3 organizations, political subdivisions (city and state), and state, local and federally-recognized Indian tribal governments are eligible to apply. The usual grant funding cycle is from October 1 - September 30. The submission deadline is in February of each year.

Program Narrative

PROBLEM STATEMENT: First, define the problem exactly as it exists in your particular community. Describe the nature and magnitude of the problem using valid, updated statistical data; cite the source and date of your information. Sufficient data should be provided to prove the problem is significant and should be addressed. Include a discussion and analysis of trends in traffic-related incidents, their scope and characteristics. Data should be presented covering the past three (3) years. Second, include a discussion on your existing efforts and level of activities (current resources and programs) in dealing with the problem and why new or additional intervention/activity is needed.

The Town of Bluffton is located in the County of Beaufort, between Interstate 95 and Hilton Head Island. Historically, Bluffton was a small, 1-square mile town with very little crime and even fewer traffic complaints. However, several annexations resulted in an 61.1% increase in population between 2000 and 2018, making it the 5rd largest municipality by land mass in South Carolina. Bluffton now incorporates two South Carolina state highways and one United States highway: SC-46/May River Road, SC-170/Okatie Highway, and US Route 278/Fording Island Road. SC-170/Okatie Highway underwent an expansion in 2015 to become a four-lane highway, and Bluffton Police Department experienced a large increase in traffic violations and collisions on that roadway.

Data from the US Census Bureau reported an estimated population in Bluffton of 21,085 people in 2018, a 68% increase from 2010. Over 800 homes were built in 2016, so we are right on target with the anticipated growth acknowledged by the Town of Bluffton's Comprehensive Plan of a projected 2020 population of 22,422 and a final build out population of 70,000 residents. This is mild compared to the huge surge in commercial activity within the Town of Bluffton and in the greater Bluffton area. Business Licenses increased 24.5% between 2013 and 2017, and held steady in 2018. Construction of approximately 300,000 square feet of commercial space was started in 2016, including big names like WalMart and Sam's Club. The Kroger Super Center broke ground on a new location within the Town, promising to bring more traffic than ever onto our Buckwalter Parkway. Alcohol Business Licenses continue to rise and plans for making Bluffton a major tourist destination are still in the works. With an estimated 312 businesses that have alcohol licenses

In addition to the growth and activity within the Town of Bluffton, we are also regarded as the "gateway to Hilton Head Island." With the completion of the Bluffton Parkway flyover onto the Hilton Head Bridge in 2018, all routes to the Island lead through Bluffton. Hilton Head Island has also experienced a 34.1% increase in population between 2000 and 2010, according to the United State Census Bureau. While Hilton Head Island has only 39,000 permanent residents, they receive over 2.5 million visitors per year, plus 130,000 spectators for the annual RBC Heritage golf tournament in April. The vast majority of these residents arrive by car, meaning they travel along Bluffton's roadways.

Given this immense, and abrupt, growth, the Bluffton Police Department has been challenged to keep up. With calls for service increasing at a faster rate than officers can be afforded, proactive policing, including traffic enforcement, has ultimately suffered. The town of Bluffton had 47,342 call for service for 2018. The number of incident reports which does not include collision reports in 2015 which was 592, 2016 had 652 and 2017 a slight decrease of 604 collisions and 623 collisions in 2108.

Below is the updated data on collisions in Bluffton:

	2015	2016	2017	2018
Collisions	592	652	604	623
Injuries	210	201	176	204
Fatalities	1	3	5	2

The trend of increased collisions, injuries, and fatalities is statewide, indicating an even stronger need for traffic enforcement and education in South Carolina. Despite the substantial increases in enforcement, Bluffton saw an up rise in traffic fatalities as well as a large increase in total collisions. However, we actually saw a decrease in injury collisions. We believe that many of these increases can be attributed to the increase in miles traveled on Bluffton's roadways, yet insist that continued enforcement and education will prove beneficial. Therefore, the Bluffton Police Department is asking for another year of funding through the Highway Safety Grant in fiscal year 2019. With these additional funds, the work of the Traffic Enforcement Unit will continue in hopes of reducing traffic fatalities in Bluffton to zero.

PROGRAM GOAL(S): Describe the broad, long-term goals of the program and indicate the change(s) or outcome(s) anticipated.

PROJECT NARRATIVE: Provide a comprehensive step-by-step description of the project, indicating the tasks and activities to be employed to address the outlined in the Problem Statement. Detail what will be accomplished, how activities will be implemented, and who will perform the tasks. Each specific objective should be addressed, including an explanation of how it will be achieved.

The following Implementation identifies the tasks the Traffic Enforcement Unit will undertake in order to accomplish the goals of grant.

Traffic Enforcement

The Traffic Enforcement Unit's sole goal during the grant period is to reduce traffic collisions within the Town of Bluffton. This goal will be accomplished primarily through saturated enforcement patrols based upon the statistical identification of high collision areas and locations of high traffic volume. Traffic enforcement activities will also include public safety checkpoints. This task will be completed throughout the grant period.

Special Enforcement Activities

The Traffic Enforcement Unit will partner with local and state agencies, as well as the Law Enforcement Network, to conduct additional special enforcement activities. These activities include active participation in the LEN, with the implementation of county-wide traffic safety checkpoints and saturation efforts, and participation in the special enforcement initiatives conducted by the Office of Highway Safety.

The Traffic Enforcement Unit will actively participate in the National Child Passenger Safety Week, occupant protection and impaired driving campaigns, and Drunk and Drugged Driving (3D) Prevention Month, as well as other traffic-related campaigns throughout the grant period. Participation in these programs will include targeted enforcement efforts related to the campaigns, and will also incorporate educational and media components.

Special enforcement efforts will also be conducted based upon local events and statistics. Saturation patrols will be used on and around holidays, particularly Thanksgiving, Christmas, New Years, 4th of July, and Labor Day. Local events, such as the RBC Heritage golf tournament in April, and fairs throughout the year, will also warrant increased attention. Statistical evidence of collisions will also highly affect the Unit's patrol schedules, to include nighttime and weekend enforcement. Many of these special enforcement efforts will be focused on impaired driving enforcement.

These activities will be completed throughout the grant period.

Educational Outreach

The Traffic Enforcement Unit will educate the public through traffic safety presentations at local schools, business, churches, and civic groups. A synopsis of the traffic safety problem will be provided, followed by countermeasures to combat the epidemic.

These presentations will be tailored to fit each audience, and may include child passenger laws, seatbelt usage, the use of electronic devices while driving, and frequently cited causes for collisions.

Educational Outreach components will be completed throughout the grant period.

Public Education through Media

Upon receiving the continuation grant award, the Bluffton Police Department will issue a media release detailing the acceptance and the benefits of the Traffic Enforcement Unit. As enforcement activities continue, monthly press releases will detail the activities and progress of the Unit. In addition, special enforcement operations, including OHS media initiatives, will be announced prior to their beginning, and the results of these efforts will be released to the media.

As part of a larger media campaign by the Bluffton Police Department, highlights of the Traffic Enforcement Unit's activities and public education opportunities will be shared by either media release, or as a notification on social media. With over 13,039 followers on Facebook, this has proven to be a great resource for the Police Department to share news and information with the community.

This activity will be completed throughout the grant period.

Reporting Activity

Extensive statistics will be compiled and maintained by the Traffic Enforcement Unit. Daily logs will be completed by each grant-funded officer and will be maintained in the Unit's files. This information will also be used to submit media releases. A Monthly Enforcement Data Report Form will be submitted to OHS, detailing the grant-funded activities. The Program Director will submit Requests for Payment, Quarterly Progress reports, and a Final Narrative Report according to Funding Guidelines. In addition, the Bluffton Police Department will continue to report the monthly data required from non-arrest and non-citation traffic stops, including gender, race, and age of driver's stopped.

This activity will be completed throughout the grant period.

PROJECT EVALUATION: The purpose of evaluating a project is to assess how well it has been implemented in your jurisdiction and to assess the extent to which the activities funded have achieved the project's goals. In this section, describe the plan or process for assessing the impact on the highway safety problem(s) in your jurisdiction. The completed evaluation report should be included in the Final Narrative Report submitted for the project.

The grant project will be evaluated based on statistics collected during the grant period and then be compared to pre-grant award statistical data, as well as prior year statistic data. Throughout the grant period, the Program Director will conduct regular evaluations of the project and identify any shortcomings. The Program Director will then meet with the grant-funded officers to share these shortcomings and develop strategies to ensure the goals are met. At the end of the grant period, the statistics compiled throughout the grant period will be held against the Program Goals that we've outlined to determine if our goals and objectives were met. The resulting analysis will then be shared in the Final Narrative Report submitted to OHS.

PROJECT CONTINUATION: Explain how the project activity will be continued after federal funding assistance is no longer available.

The Bluffton Police Department has identified an ongoing problem involving traffic violations, collisions and fatalities within the Town of Bluffton. We firmly believe that targeted traffic enforcement along with a strong educational and media campaign is essential in tackling this issue. While data is collected for media releases and Monthly Enforcement Data Reports, this information will also be shared with our Town Council and the Beaufort County Sheriff's Office, highlighting the benefits of the Traffic Enforcement Unit and promoting its' success over the well-recognized traffic situation. Using the progress of this project, the Bluffton Police Department will appeal to our governing bodies for future funding to continue the work of the Traffic Enforcement Unit.

MEDIA PLAN: Discuss your plans for announcing the award of this grant to your community through media outlets available to you. Also, please discuss how you plan to keep the public informed of grant activities throughout the entire project period.

Upon notification of the grant award, the Bluffton Police Department will send out a media release announcing our acceptance of the DPS Highway Safety Award and the continuation of a Traffic Enforcement Unit. An overview of the activities achieved by the Unit will be shared, as well as additional goals for the upcoming grant period. Throughout the grant period, press releases will also go out to our media partners detailing the progress of the Unit, as well as any special enforcement activities that we will be participating in. The Bluffton Police Department has established relationships with multiple media outlets in the area, and these relationships will be essential in communicating the project's progress as well as public education information. These media outlets include: Island Packet, Beaufort Gazette, WTOC, WSAV, Bluffton Today, Bluffton Sun, and WHHI.

- f. Revision requests for new or different activities not related to the scope of the original approved grant will not be considered.

13. **Contract Approval Requirements:**

The Subgrantee must receive approval of all contract agreements for services and products from the Office of Highway Safety and Justice Programs **prior to execution**. 17. **Bidding Requirements:**

(All purchases must be pre-approved by Office of Highway Safety and Justice Programs) The subgrantee must comply with proper competitive bidding procedures as required by 2 CFR 200. Bids must be submitted to the Office of Highway Safety and Justice Programs for review and approval prior to acceptance of any quote/bid on any items, including those bids in the aggregate, whose total cost requires a bid. Provide a copy of all bids submitted; the bid selected; and the criteria used for selection. If other than the low bid was selected, provide justification. This includes state agencies. *Note that approved, budgeted items purchased through State Purchasing (General Services) under a state contract are still required to be submitted to the Office of Highway Safety and Justice Programs for approval.* Include the state contract number and the contract ending date on the invoice when it is submitted with the Request for Payment.

In other words, the grant-funded traffic officers are not to replace existing personnel who are performing traffic enforcement duties. Existing personnel should continue traffic enforcement efforts. Progress reports must reflect the activity level of existing personnel separate from grant-funded personnel. Grant-funded traffic officers are not permitted to provide any type of escort services (funeral processions, parades, etc.) since their primary responsibility is traffic law enforcement and traffic safety education. They may only perform those tasks specified in the approved grant agreement.

Controls must be established which are adequate to ensure that expenditures charged to the subgrant activities are for allowable purposes. Additionally, effective control and accountability must be maintained for all grant cash, real and personal property, and other assets. Accounting records must be supported by such source documentation as cancelled checks, paid bills, payrolls, time and attendance records, contract documents, grant award documents, etc.

All other pertinent grant records including financial records, supporting documents and statistical records shall be retained for a minimum of three (3) years after the final expenditure report. However, if any litigation, claim or audit is started before the expiration of the three-year period, then records must be retained for three (3) years after the litigation, claim or audit is resolved.

30. **Property Control:**

Effective control and accountability must be maintained for all personal property. Subgrantees must adequately safeguard all such property and must assure that it is used solely for authorized purposes. Subgrantees should exercise caution in the use, maintenance, protection and preservation of such property:

- b. **Property Control Record Form:** At the time the final request for payment is submitted, the subgrantee must file with the Office of Highway Safety and Justice Programs a copy of the Property Control Record Form (provided by the Office of Highway Safety and Justice Programs) listing all such property acquired with grant funds. The subgrantee agrees to be subject to a biennial audit by the Office of Highway Safety and Justice Programs and/or its duly authorized representatives for verification of the information contained in the Property Control Record Form.
- c. **Use and Disposition:** Equipment shall be used by the subgrantee in the program or project for which it was acquired as long as needed, whether or not the program or project continues to be supported by federal funds. When use of the property for project activities is discontinued, the subgrantee shall request, in writing, disposition instructions from the Office of Highway Safety and Justice Programs prior to actual disposition of the property. Theft, destruction, or loss of property shall be reported to the Office of Highway Safety and Justice Programs immediately.

31. **Performance:**

This grant may be terminated or fund payments discontinued by the Office of Highway Safety and Justice Programs where it finds a substantial failure to comply with the provisions of the Act governing these funds or regulations promulgated, including those grant conditions or other obligations established by the Office of Highway Safety and Justice Programs. In the event the subgrantee fails to perform the services described herein and has previously received financial assistance from the Office of Highway Safety and Justice Programs, the subgrantee shall reimburse the Office of Highway Safety and Justice Programs the full amount of the payments made. However, if the services described herein are partially performed, and the subgrantee has previously received financial assistance, the subgrantee shall proportionally reimburse the Office of Highway Safety and Justice Programs for payments made.

32. **Deobligation of Grant Funds:**

All grants must be deobligated within forty-five (45) calendar days of the end of the grant period. Failure to deobligate the grant in a timely manner will result in an automatic deobligation of the grant by the Office of Highway Safety and Justice Programs.

33. **Copyright:**

Except as otherwise provided in the terms and conditions of this grant, the subgrantee or a contractor paid through this grant is free to copyright any books, publications or other copyrightable materials developed in the course of or under this grant. However, the federal awarding agency and/or Office of Highway Safety and Justice Programs (Office of Highway Safety and Justice Programs) reserve a royalty-free, non-exclusive, and irrevocable license to reproduce, publish or otherwise use, and to authorize others to use, for federal government and/or Office of Highway Safety and Justice Programs purposes:

38. **Cost Assumption:**

The applicant agrees to the assumption of the cost of the project after the federal funding period has expired.

39. **Political Activity (Hatch Act):**

If not included in the original budget proposal, expressed written approval from the Office of Highway Safety and Justice Programs is required prior to any purchase. Upon receipt of any equipment purchased with federal funds, the grant contractor must complete an "Equipment Inventory Log" and submit it to the Office of Highway Safety and Justice Programs. The "Equipment Inventory Log" is located on the Office of Highway Safety and Justice Programs website. The subgrantee must appropriately maintain any equipment purchased under the grant contract. Clear justification for the purchase of non-domestic items must be in the form of a waiver request submitted to and approved by the Secretary of Transportation.

49. **Restriction on State Lobbying:**

None of the funds under this program will be used for any activity specifically designed to urge or influence a State or local legislator to favor or oppose the adoption of any specific legislative proposal pending before any State or local legislative body. Such activities include both direct and indirect (e.g., "grassroots") lobbying activities, with one exception. This does not preclude a State official whose salary is supported with NHTSA funds from engaging in direct communications with State or local legislative officials, in accordance with customary State practice, even if such communications urge legislative officials to favor or oppose the adoption of a specific pending legislative proposal.

50. **Federal Funding Accountability and Transparency Act (FFATA):**

The Federal Funding Accountability and Transparency Act (FFATA or the Transparency Act – Pub.L. 109-282, as amended by section 6202(a) of Pub.L. 110-251) requires the Office of Management and Budget (OMB) to maintain a single searchable website that contains information on all federal spending awards. The Transparency Act requires every grant/sub-grant/contract/sub-contract equal to or greater than \$25,000.00 awarded by the Office of Highway Safety and Justice Programs to be accounted for on the Federal Funding Accountability and Transparency Act Sub-award Reporting System (FSRS) at www.fsr.gov. All contractors awarded federal funding equal to or greater than \$25,000.00 will be required to submit specific information requested by the Office of Highway Safety and Justice Programs to comply with the Transparency Act.

The National Highway Traffic Safety Administration (NHTSA) is responsible for providing leadership and guidance in support of this Presidential initiative. For information on how to implement such a program, or statistics on the potential benefits and cost-savings to your company or organization, please visit the Buckle Up America section on NHTSA's Web site at www.nhtsa.gov. Additional resources are available from the Network of Employers for Traffic Safety (NETS), a public-private partnership headquartered in the Washington, DC metropolitan area, and dedicated to improving the traffic safety practices of employers and employees. NETS is prepared to provide technical assistance, a simple, user-friendly program kit, and an award for achieving the President's goal of 90 percent seat belt use. States are also encouraged to conduct workplace safety initiatives in a manner commensurate with the size of the business, such as establishment of new rules and programs or re-evaluation of existing programs to prohibit text messaging while driving, and education, awareness, and other outreach to employees about the safety risks associated with texting while driving.

54. **Indirect Costs:**

Indirect costs are those that have been incurred for common or joint purposes. These costs benefit more than one cost objective and cannot be readily identified with a particular final cost objective without effort disproportionate to the results achieved. After direct costs have been determined and assigned directly to Federal awards and other activities as appropriate, indirect costs are those remaining to be allocated to benefited cost objectives. A cost may not be allocated to a Federal award as an indirect cost if any other cost incurred for the same purpose, in like circumstances, has been assigned to a Federal award as a direct cost. Indirect costs are normally charged to Federal awards by the use of an indirect cost rate. A separate indirect cost rate(s) or IDC rate is usually necessary for each department or agency of the governmental unit claiming indirect costs under Federal awards.

2 C.F.R. §200.331(a)(4) and 2 C.F.R. §200.414(4)(f) states...if a subrecipient does not have a federally negotiated indirect cost rate, the pass-through entity may either negotiate a rate with that subrecipient or apply the de minimis indirect cost rate of 10% of modified total direct costs (MTDC). The pass-through entity may not force or entice the subrecipient without a federally negotiated indirect cost rate to accept a rate lower than the de minimis rate of 10%. MTDC means all direct salaries and wages, applicable fringe benefits, materials and supplies, services, travel, and up to the first \$25,000 of each subaward or subcontract under the award (regardless of the period of performance of the subawards under the award). MTDC excludes equipment, capital expenditures, charges for patient care, rental costs, tuition remission, scholarships and fellowships, participant support costs and the portion of each subaward in excess of \$25,000.

55. **Active DUNS number, Central Contractor Registration (CCR) registration, and South Carolina State Vendor ID are required for federal reporting purposes and reimbursement:**

A DUNS number is required during the application process: A DUNS number is a unique nine-digit sequence recognized as the universal standard for identifying and keeping track of entities receiving federal funds. The identifier is used for tracking purposes and to validate address and point-of-contact information, and registration is required only once. The DUNS number will be used throughout the grant life cycle. Obtain a DUNS number by calling 1-866-705-5711 or by applying online at <https://fedgov.dnb.com/webform>.

- a. **System for Award Management (formerly Central Contractor Registration [CCR]):** The recipient agrees to comply with applicable requirements regarding registration with the System for Award Management (SAM) (or with a successor government-wide system officially designated by OMB). SAM is a Federal Government-owned and operated free web site that consolidates the capabilities in CCR/FedReg, ORCA, and EPLS. Future phases of SAM will add the capabilities of other systems used in Federal procurement and awards processes. If you had an active record in CCR, you have an active record in SAM. You do not need to do anything in SAM at this time, unless a change in your business circumstances requires updates to your Entity record(s) in order for you to be paid or to

receive an award or you need to renew your Entity(s) prior to its expiration. SAM will send notifications to the registered user via email 60, 30, and 15 days prior to expiration of the Entity. To update or renew your Entity records(s) in SAM you will need to create a SAM User Account and link it to your migrated Entity records. You do not need a user account to search for registered entities in SAM by typing the DUNS number or business name into the search box. <https://www.sam.gov/portal/public/SAM/>.

- b. **South Carolina State Vendor Number:** To ensure that your agency is registered with the state, in order to receive reimbursement for grant-eligible expenses, an agency or entity will need to go to the following link and register to obtain a SC State Vendor number. <http://www.mmo.sc.gov/PS/vendor/PS-vendor-registration.phtm>. This information should be sent with the first Request for Reimbursement to the person listed on the cover letter in your award packet.

1. By signing and submitting this proposal, the prospective primary participant is providing the certification set out below and agrees to comply with the requirements of 2 CFR Parts 180 and 1300.
2. The inability of a person to provide the certification required below will not necessarily result in denial of participation in this covered transaction. The prospective participant shall submit an explanation of why it cannot provide the certification set out below. The certification or explanation will be considered in connection with the department or agency's determination whether to enter into this transaction. However, failure of the prospective primary participant to furnish a certification or an explanation shall disqualify such person from participation in this transaction.
3. The certification in this clause is a material representation of fact upon which reliance was placed when the department or agency determined to enter into this transaction. If it is later determined that the prospective primary participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, the department or agency may terminate this transaction for cause or default or may pursue suspension or debarment.
4. The prospective primary participant shall provide immediate written notice to the department or agency to which this proposal is submitted if at any time the prospective primary participant learns its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.

Except for transactions authorized under paragraph 6 of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is proposed for debarment under 48 CFR Part 9, subpart 9.4, suspended, debarred, ineligible, or voluntarily excluded from participation in this transaction, the department or agency may disallow costs, annul or terminate the transaction, issue a stop work order, debar or suspend you, or take other remedies as appropriate.

A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that it is not proposed for debarment under 48 CFR Part 9, subpart 9.4, debarred, suspended, ineligible, or voluntarily excluded from the covered transaction, unless it knows that the certification is erroneous. A participant may decide the method and frequency by which it determines the eligibility of its principals.
